

Maryland
DEPARTMENT OF PLANNING
JEFFERSON PATTERSON PARK & MUSEUM

As we continue to navigate these difficult times, JPPM is proud to be able to continue offering recreational opportunities for the communities in southern Maryland. Our grounds are open from 7:30 to dusk daily. We offer hiking and interpretive trails, a kayak launch, pier, picnic pavilion, and a Nature Play Space. Use of the grounds is always free, and we encourage you to explore all we have to offer at JPPM.

While using our facilities be advised our buildings are still closed. This includes our Visitor Center and public restrooms. We do however have portable toilets located in the Visitor Center parking lot and on the Layers of Time Trail. Individuals using the park will be required to follow CDC and State of Maryland guidance regarding group size, social distancing, mask use, and any other COVID 19 related recommendations. Current guidance can be found at the following links:
