

FANCY BIRDS

FORAGE ART ACTIVITY

A bird-shaped forage art activity is displayed on a light blue background. The bird's body is formed by a large green leaf with a variegated white and yellow pattern. Its head is a smaller green leaf with a brown flower and a small white cone. The tail is a cluster of red, pointed leaves. The legs are two thin, brown sticks. The entire activity is framed by a white border.

DIRECTED EXPLORATION OF THE PARK
FOR AGES 3+

SUPPLIES

Cardboard or Construction Paper

Leaves and Other Plant Bits
(a bunch of different shapes, sizes, and colors)

Hot Glue Gun
(or white glue)

FORAGE!

Explore the park and collect a bunch of different leaves, twigs, dried seeds, acorns, and shells!

STEP 1

Lay some of your materials out to see how they might go together

STEP 2

Glue a big leaf
in the middle of
your page for
the body

STEP 3

Add some wings, a head, a tail, and other decorations!

STEP 4

Make your birds
FANCY
and have fun!
