

# Welcome to the Jefferson Patterson Park and Museum audio tour

## 1812 Remembered

On this tour you will learn about some of the causes of the War of 1812, its effects on non-military and military people alike, and the results of the War in southern Maryland. This project was produced by the Huntingtown High School 2010-2011 Archeology Classes, and contains commentary from several experts.

As you walk through this tour you will encounter information on five specific areas relating to the Battle of St. Leonard Creek. These include Farmers, Shipping, African Americans, Women, and Militia.

We thank you for taking the time to experience this tour, and hope this will be an enjoyable and educational experience for all.

This tour was made possible through the generous support of the Friends of JPPM, the Southern Maryland Heritage Consortium, Garrett Music Academy, an Anonymous Donor and the Calvert County Public Schools. Music was provided by Ship's Company and David & Ginger Hildebrand.
